二、报告目录及图表目录

摘要This study analyzes the US sealant and caulk industry. It presents historical data for 1997, 2002 and 2007 and forecasts to 2012 and 2017 by raw material (e.g., base materials and binders, carriers, fillers); type (e.g., polyurethane, silicone, bituminous, elastomer, acrylic, polysulfide); and market (e.g., construction, motor vehicles, industrial machinery and equipment, aerospace). The study also considers market environment factors, details industry structure, evaluates company market share, and profiles industry competitors.
